Location

Situated just outside, but within walking distance of the village of Takeley. With an onsite launderette, and a mobile library making weekly visits.

The village of Takeley has most amenities typical of a small village, including two pubs and local shops. Takeley is not far from Stansted Airport but does not lie in the flight path, so is still peaceful in its countryside location. Great Dunmow and Bishops Stortford are the closest towns to the park, where you can find more shops and amenities. There are a few train stations in the surrounding villages and towns, the closest being at Stansted airport, which is a short drive by car, or there is a bus service to the station. From here there are regular trains into London, and good links to the rest of the UK. There is a bus stop outside the park, which has a service running regularly from Saffron Waldon to Bishops Stortford, stopping at all the villages in between. There are more services which run from further into the village, including a bus to Braintree, which has a football team, shops, theatres and a cinema complex as well as numerous restaurants, bars and pubs. A little further afield is Colchester, also reachable by bus, which has many tourist attractions including Colchester Zoo and Colchester Castle.
